OBJECTIVE

My career objective is to obtain a position in a professional web developer environment where my skills are valued and can benefit the organization. Ideally, I wish to have a focus in software engineer for a growing organization preferably dealing in commercial website /or freelancing websites.

Seeking a fulfilling position as System Engineer and support of all IT Needs that offers growth opportunities and allows me to utilize my leadership skills and experience.

This is a position in life to utilize my skills and abilities and achieve professional growth while being resourceful, innovative and flexible. To add valuable assets to your esteemed organization as an active member.
